

FORMICA® 2025 WORKTOPS UPDATE

Formica® worktops are re-launching their collection in 2025.

The relaunch will bring you a fresh and contemporary collection, including 17 new and exclusive patterns. The new range will continue to feature stunning woods, layered darks, veined marbles, and metallics – in both square and post-formed edges, with the 17 new patterns available to order from the 31st July 2025.

As part of the relaunch, Formica is de-listing several worktop patterns from both the Axiom® by Formica Group and Formica® Prima ranges. Details can be found in the table below.
